

# THE GARDEN SHOW

at STANSTED PARK

11-13 JUNE

Sixteen years ago the Garden Show at Stansted Park, Rowlands Castle, Hants was launched to create a forum for innovative local businesses. Inevitably the Show has evolved and been updated to reflect current trends but the original ethos has not changed .... it never will.... as the organisers remain determined to showcase the huge amount of talent found in carefully selected businesses. Visitors (over 16,000) return each year, preferring to source this talent in one accessible and beautiful location, rather than hunting the high street or the larger, more impersonal show. They are also drawn to the Show's supportive and special atmosphere where everyone shares a common vision about what is good in their gardens and homes.

Environmental awareness will continue to be raised with recycling workshops, talks about sustainability and food waste and the creation of a new area - The Healing Garden - to demonstrate the growing of medicinal herbs, their efficacy and benefits.

The Garden Roadshow, headed up by garden writer and broadcaster Steve (Brad) Bradley, will return to solve any conceivable gardening problem.

Over 300 specialist nurseries; garden designers & suppliers; artists; sellers of beautiful gifts for friends and the home; the best country foods & wines and well-being therapists will be on hand to impart their enthusiasm and knowledge.

A great day out for the whole family with plenty to entertain the children and the chance to explore stunning Stansted Park; its renovated gardens, arboretum, the House and the Chapel.

**Show open daily**  
10am-5pm  
Adult Entry £8  
concessions £5
